- PROOF OF FUNDS (exact amount of money depends on type of your visa)

FIND

THE MOST FITTING PURPOSE OF YOUR STAY.

- There are four official visa types + one universal.

MAKE

AN APPOINTMENT AT THE CZECH EMBASSY IN THE COUNTRY OF YOUR ORIGIN OR PERMANENT RESIDENCE.

Some nationalities (i.e. Americans, Canadians, Mexicans) are allowed to apply in any Czech Embassy in the world.

Note that it can take several weeks to book an appointment in bigger Embassies (Germany, Austria, etc.).

Make notarized copies of all submitted documents, Embassy will keep originals (except your passport).

WAIT

It can take up to 3 months to get your visa approved depending on the type of visa you are applying for, your nationality and Embassy you are applying in.

Be ready to pass an additional interview or submit additional documents such as Clean Criminal Record or a Medical Report.

GO PICK-UP

your approved visa. The same Embassy as you applied for the visa in will notify you (usually by e-mail) when your visa is approved and ready for pick-up.

You'll just need your passport and CZECH health insurance. You can buy one online for example at www.medical-insurance-prague.com

ARRIVE!

IN THE CZECH REPUBLIC! FINALLY! :)

Remember to go to register in the Foreign Police office within 3 days after arrival. You will need the proof of accommodation and health insurance again.

Long term visa can be issued for 12 months so start thinking of your residence permit (next step in the process - see our blog covering this topic) within 6-9 months.
